Kaufman, D.D., pastor of Trinity Methodist church, one of the fairest, most intelligent and liberal minded ministers which the denomination has ever had in Norwich. His sermon on St. Patrick last year was one of the finest tributes to the saint and to the virtues of the Irish people ever paid by a Protestant minister in Norwich.

### MT. HOLYOKE ALUMNAE

Entertained by Mrs. D. L. Gates at Crescent Beach.

Members of the Eastern Connecticut Mt. Holyoke Alumnae association had a delightful day's outing on Thursday, being entertained by Mrs. D. Lynette Gates of Niantic at her cottage at Crescent beach. Her hospitality included a shore dinner, which was delicious and fully appreciated. The surf was another great attraction and those of the party who ventured into bathing found the water delightfully warm and invigorating. Mrs. A. N. H. Vaughn presided at the regular business meeting held during the afternoon. Besides the usual reports the association voted to hold its annual meeting during the Christmas holiday time and it appointed Miss Alice Woodward as the delegate to the Founders' day exercises at the college in November next. There were several from Norwich who attended the meeting, going down by train in the morning and returning by trolley late in the day. These were Mrs. A. N. H. Vaughn, Mrs. William R. Lathrop and her sister, Mrs. S. M. Allen, Miss Ida Sutherland, Miss Susan Hyde, Miss Mary A. C. Avery, and Miss Alice Woodward.

### BOTH MEASURES FAVORED.

Consolidation of Town Schools and Free Text Books Discussed by Socialists.

The regular weekly meeting of the Norwich branch of the socialist party was held Thursday evening, discussing local political issues as pertinent at the present time. The consolidation of the town school districts and the matter of free text books, which are to come up before the town meeting, were both debated and a vote taken in favor of both these measures.

The question of license or no-license was also the subject of discussion, but without any action being taken, although the majority seemed to be with the no-license advocates.

### Going to New London.

Patrick Scanlon, a well known waiter here for the past two years, leaves the Wauregan house this week and will enter the employ of the Mohican hotel at New London on Saturday, where he is to have charge of their new dining room, which has just been remodeled. Since coming here from Hartford two years ago Mr. Scanlon has made many friends among the hotel patrons who will regret seeing him leave. In the athletic line he made quite a hit this season as the captain of the Wauregan baseball team and it is probable he will be heard from next summer on New London diamonds as the leader of a winning team.

## Democrats nominate their ticket

No Contest for Any of the Offices and the Session Lasted but a Half Hour—Lillibridge and Wilcox for Selectmen.

Being backward in coming forward, the democrats in their caucus at the town hall on Thursday evening allowed a few of the front seats to remain vacant during the evening otherwise there was a good sized attendance. Although enthusiasm didn't seem to run high yet, there was perfect harmony throughout the entire session, which lasted but a half hour.

E. C. Lillibridge, chairman of the town committee, called the caucus to order at 8 o'clock and upon the nomination of Attorney Thomas J. Kelley, Dr. J. J. Donohue was chosen as chairman. For clerk, J. J. Willis nominated Attorney Kelley, and he was selected and read the call for the meeting.

In addressing the caucus Charles Donohue said a 22 or possibly a 24 mill tax is the proposition which you as citizens are called on to meet this year. The question of taxes is always foremost in our minds, and last night Chairman Browning failed to pay any compliment to the present administration for their economy. This was probably because he is honest and there being no chance for bouquets he kept silent.

The grand list, he continued, has been raised from 14 to 16 million and still the taxes are going up. Some one has suggested lowering the grand list and possibly the taxes would go down. This year the democrats have the best element of the republican party with them, not as a party, but because of the situation. It is important to every voter, the rent payer as well as the taxpayer. High taxes offer no inducements to factories and this year coming, if the \$30,000 which the town owes in taxes is paid off, the tax will probably go to 26 mills in Norwich. Last year there was spent the sum of \$24,000 for the outside poor and \$17,000 for the year previous. This increase is big one and the opinion of the aliens seems to be that all they have to do is to come to the town and get their apportionment of help and doing their work successfully and those men it is up to you to select and he trusted that when election day comes around you will find you have done your duty and gotten out of the extravagant methods and down to business.

Lillibridge and Wilcox. When the chairman called for nominations for first selectman, John J. Donohue was nominated and he was marked that it had been well and truly said that every election is important, but next Monday's is of more importance than any other, with big celebrations, in which Norwich with its 250th anniversary is included. It was a magnificent affair and I would not detract an iota from those who had

responsibilities of the officers are great and from the experience of years many think we should go into the commission form of government and that may come in time. By that time those in office must give their time to their duties or they can be removed.

We have men in the party, said the chairman, who have been schooled in the running of the town on a 4-1-2 mill tax, who can build roads, are familiar with the employment of help and doing their work successfully and those men it is up to you to select and he trusted that when election day comes around you will find you have done your duty and gotten out of the extravagant methods and down to business.
